

# Khamsang and Tashi Delek

## Purpose of Establishing DMS

All of your (students') parents and grandparents have had a very deep and meaningful connection with His Holiness Degyal Rinpoche and Serta Rinpoche, especially with the Second Incarnation of Degyal Rinpoche and the lineage of Namkha Khyung Dzong. In the past, when everyone lived in the same place, HH Degyal Rinpoche and Serta Rinpoche gave their blessings and love to all with great kindness, and the students and sponsors also in return offered their utmost support and respect. Now, as the younger generation has spread across different places, that connection has slowly weakened. To rebuild this connection grounded in shared roots and mutual care, DMS has been established.

## Reason for the Name "D.M.S"

D.M.S stands for Degyal Memorial Society. Since all the members of this society have a deep connection with His Holiness Degyal Rinpoche, the society has been named "Degyal Memorial Society."

## Main Objective

To support and encourage young students particularly from the regions of Yultsho Dhun, Drukchu Lung, Nyin and Chang, Limi, and Bhajura's Khampa (Shi, Sum, Chungnyi), who are pursuing a 10+2 and bachelor-level education in Nepal. DMS hopes to provide modest yet meaningful assistance during these formative years while also helping serve the dharma, preserve our traditions, and help us all move forward together as a community and a nation.

## Rules for DMS

1. **No** involvement in political matters.
2. **No** involvement with NGOs and INGOs. However, assistance and connections from individual sources of any kind are welcome.
3. Each member is required to contribute at least **50 NPR** (around USD 0.35) annually as a donation to DMS. This small contribution is solely intended to encourage a sense of participation and support for the organization.
4. The organization will receive **1,500,000 NPR annually** from **Kyabje III Degyal Orgen Choedak Rinpoche's own personal funds**. 500,000 NPR of this amount will be used to cover expenses

during member gatherings. The remaining 1,000,000 NPR will be distributed equally among all the students during the three main annual gatherings, by the respective regional youth representatives, in Rinpoche's presence.

5. All members must gather **three times** annually:

- **First:** To conduct social work and services for the community.
- **Second:** To organize competitions for football, and cultural performances, or entertainment activities. During this time, individual parents and renowned local people should be invited.
- **Third:** All members should come together at **Namkha Khyung Dzong Rigdzin Choeling Monastery** (N.K. Budhanilkantha, Kathmandu) for a joyful celebration. During this gathering, we will welcome new members and offer our gratitude to former members for their dedication and service

6. This year, the funds will be kept in Rinpoche's bank account, as decided by the board members.

7. Any external donations received shall first be discussed among the members, under Rinpoche's guidance and then allocated accordingly.

8. Next year, the official registration of DMS will be discussed and decided upon by the members.

9. If a student wishes not to receive their share of DMS's financial support, the board members will discuss how to redirect the funds appropriately.

10. Regardless of who the member is, anyone introducing sponsors or additional support to DMS will be acknowledged and appreciated.

## Future Plan

In the future, if DMS generates sufficient funding, we plan to provide assistance in the form of **free loans** to:

- Students from poor families
- Students who are orphans
- Students with special circumstances

However, after completing their education, they must repay DMS.

## Request

All members are requested to contribute with good intention and strong motivation. Rinpoche and the monastery will provide whatever support they can. If we all contribute with good intention, naturally the power of our **collective effort** will be great and we will **achieve excellent results**.

**Thank you**
